

YMCA to offer warming stations in New Bedford, Dartmouth, Wareham, Fall River

"In anticipation of the frigid weather that is headed our way, YMCA Southcoast is offering warming stations over the next two days to relieve people who may need a place to stay warm or charge a cell phone or tablet. The warming stations are available in the lobby at each of the five YMCA branches: Wareham, New Bedford, Dartmouth, Fall River, and Swansea.

The stations will be open from 8 am through 11 am on Friday, February 3rd and Saturday February 4th. There will be volunteers available for check in and complimentary coffee will be available.

"Service to all is part of the YMCA's mission and we strive to step in to help whenever we can," stated Jim Scherer, President and CEO of YMCA Southcoast.

For any additional information please contact Debbie Fringuelli at 508-269-6826."
